SUMMARY

Computer Science student (8th Semester) with hands-on experience in web development, mobile app development, and data science. NAVTTC-certified in Data Science & AI, with proficiency in Flutter, Firebase, JavaScript, Python, SQL, machine learning, and full-stack development through academic and practical projects.

SKILLS

FRONTEND DEVELOPMENT | Flutter (Dart), React, JavaScript, Tailwind CSS, HTML, CSS

BACKEND & DATABASE | MySQL, MongoDB, Firestore, PHP, MVC, MVVM, Web API

SOFTWARE ARCHITECTURE | Clean Architecture, SOLID Principles, Repository Pattern, MVC, MVVM

SOFT SKILLS | Team Player, Problem Solving

EXPERIENCE

Devzz Tech Solutions | Web Development | Islamabad

Web Developer Intern

Jun 2025 – Aug 2025 | Islamabad

- Completed a 3-month Web Development internship, contributing to real-world projects and enhancing coding skills.
- Collaborated with team members in agile development environments to deliver project tasks effectively.
- Gained hands-on experience in industry-level web application development, deployment, and best practices.

Quaid-e-Azam University | Academic Projects | Islamabad

Web Development Project

2023 – 2024

- Developed a responsive frontend of the TripAdvisor website using Bootstrap, CSS, and JavaScript, ensuring a seamless user experience. Designed a MySQL database for efficient data storage and retrieval.

Mobile Application Development

2024

- Developed a cross-platform roadside assistance mobile app using Flutter (Dart), Firebase, and Cloud Firestore. Implemented real-time service requests, user authentication, and data management for seamless emergency roadside support.

Data Science Project

2024

- Developed multiple data science projects covering classification, clustering, regression, feature selection, and fuzzy logic, applying machine learning techniques for data analysis and prediction.

Additional Projects

2024 – 2025

- Completed Digital Image Processing and Deep Learning projects focused on image analysis and model implementation.

EDUCATION

Quaid-e-Azam University | Islamabad

Bachelor of Computer Science

2022 – 2026

CERTIFICATIONS

Certifications: NAVTTC (Data Science & Artificial Intelligence)
